Fenelon is a jolly, caring man. He loves to help lead Bible studies and he works as a security guard for Haiti ARISE.

Marianna is a grade school teacher and very good with kids. She is now teaching in Haiti ARISE's Elementary school, teaching Loudemia's class.

The Renold family have grown stronger together this year. They have had some heartbreak and loss this year, but are happy together.

Vekenlove, Gilbertson and Vekenson are a sibling group of brothers. Their mother had become mentally unstable, putting them in danger and often leaving them to wander the streets. Their father, unable to cope with her, abandoned the family without anyone knowing where he went. A neighbor had taken them in for a short time, then contacted ACV to receive them.

LOUDEMIA TATAILLE RENOLD

Loudemia was from the mountains of Grand-Goave. After her mother died in a car crash in 2016, her grandfather was doing his best to care for her. With no father present, he struggled to send her to school and provide for her. He brought her to ACV in Dec 17.

Loudemia is maturing and growing tall. She loves her brothers, but is missing her little sister, Rose. She had struggled with school last year...but this term she got highest marks in her grade 1 class!

This year has been lots of change for the Renold family. The kids are adjusting well although they miss their littlest sister, Rose-Valoudja, who
